

Step 1

Click the settings/gear icon on the main slide of your ePortfolio.

Step 2

Make sure that you do not have any top-layer background colors or images. To remove them, click the 'x' on their respective boxes.

Step 3

Make sure that the bottom layer background image opacity is at 100%.

The image shows a 'SECTION SETTINGS' panel for a design element. The panel is dark-themed and contains the following settings:

- Color:** A white color swatch.
- Color Opacity:** A slider set to 100%.
- Image:** A preview window showing a forest scene with a 'SELECT IMAGE' button and a close icon.
- Fixed:** A toggle switch that is turned on.
- Repeat:** A toggle switch that is turned off.
- Image Opacity:** A slider set to 100%.

A large yellow arrow points from the 'Image Opacity' slider to the 'Image' preview window. To the right of the settings panel, a portion of a design layout is visible, featuring a yellow header bar, a white box with the text 'About Me', and a large background image of a tree trunk and green foliage.

Step 4

Click the select image button.
